THE REAL QUESTION.
The real question of disease is "Can it be cured?" If you are losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by. It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be what it may become to-morrow. Hundreds of people have been restored to robust health by Dr. Pierce's "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope. We are in consumption. No body can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Pinman, of Van Buren, Kansas, Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I was so bad I had to be in bed all the time. He wanted me to get a doctor, but I told him it was consumption they could not help me. We thought it would be the Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice. In a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases. Consumption causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

NATURE SPARES

The Stricken Rose From Grief.
What a fortunate provision of nature it is, that deprives the rose of its suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its buds and fragrant leaves were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

WEAK HEART'S
are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

THE CHINESE BOYCOTT.

President Roosevelt proposes to give close attention to the question of administration of the Chinese exclusion law, which has caused the commercial guilds of the Celestial Kingdom to threaten a boycott against American goods after August 1. The protest made a day or two ago by members of the American Asiatic Association, representing the cotton manufacturing industry of this country, which fears its cotton-goods traffic with China of \$27,000,000 a year will be injured, has had great effect in Washington. It is realized by some officials of the State Department that the United States is dealing with a reawakened and vigorous China and that the ban pronounced by the great guilds is a serious menace to American trade.

At the Chinese Legation in Washington it is stated that the guilds at Shanghai have petitioned the Foreign Office at Peking not to authorize the signature of the immigration treaty with the United States unless some provision is made for more lenient treatment of the so-called exempt classes—merchants, students, travelers and officials. The Chinese Minister, Sir Chen Tung Liang Chen, has already declined to sign the treaty which was drawn in Washington to take the place of the treaty which expired by limitation last December.

The State Department is without extensive advice of this threatened boycott. Several weeks ago the American Consul at Shanghai cabled that the guilds had threatened a boycott. With the more detailed information the department received came from the American Asiatic Association this cablegram, received May 16, from the American Association of China:

"Chinese chambers of commerce, gentry and guilds advise people of the whole empire, after August 1, to boycott all American schools, business goods, products and ships unless the exclusion treaty guarantees equitable treatment to travelers, students and merchants entering the United States. The association recommends Washington's earnest consideration."

Mr. W. W. Rockhill, American Minister to China, on his way to Peking, cabled the State Department that this was not so serious matter. Members of the Asiatic Association who were in Washington Monday said they believe Mr. Rockhill has by this time learned differently and that his efforts to induce the Chinese government to immediately conclude an immigration treaty will be blocked unless there is assurance given, not that the bars will be let down for the admission to the United States of undesirable coolies, but that the exempt classes be allowed to come into the United States without humiliating restrictions and surveillance.

President Roosevelt brought the subject before the Cabinet meeting yesterday. Secretary Metcalf pointed out the importance of the question. It is recognized as a question which will prove of great popular interest in the United States. Talk of "letting down the bars" is like a red rag to the labor unions. The Pacific Coast feels deeply on the subject also, but the cotton manufacturing interests, as well as other commercial interests which have found profit in an increasing Oriental trade since the "open-door" policy was initiated, are as firmly resolved to stand for their rights.

Mr. Sargent, Commissioner-General of Immigration, is now on a trip to San Francisco and Honolulu in connection with immigration.

Serious Charge Against Labor Leaders

The teamsters' strike proper in Chicago has almost been lost sight of the attention of both sides to the controversy being occupied more with the charges of bribery in connection with labor unions in that city than with the original issue. Within the next 24 hours, it was said last night, a history of the secret transactions of labor unions in Chicago for the last four years would be made public, and that the information would implicate many labor leaders, who, it is asserted, have accepted bribes to call off strikes. The man who is expected to give this information is John C. Driscoll, former secretary of the Coal Team Owners' Association, who has been the intermediary between the employers and the teamsters' unions in Chicago for the last four years.

Driscoll says he will appear before the grand jury today with documentary evidence showing that several labor leaders have been receiving large sums of money through Driscoll, which, it is declared by the latter, the employers were forced to pay to prevent their employees being called out on strike. To substantiate his statements, Driscoll displayed last night a bank check book, the stubs on which he said correspond to the amounts of money paid to these labor leaders. This bank book will be offered in his testimony today before the grand jury.

The method used by Driscoll, according to his own statement, was this: An employer or an organization of employers who was affected by a strike or who was likely to be, would ask him to use his influence to bring about an adjustment of the differences. The fees, according to Driscoll, paid the union men ranged from \$100 to thousands of dollars, the aggregate being estimated by him at \$80,000.

Driscoll declares that he never received a dollar of this money for his efforts in

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

averting trouble, except from the organization, of which he was acting as secretary.

In a riot at Waveland avenue and Janssen street, yesterday afternoon, Frank Hartman was shot in the stomach, and fatally wounded by Policeman "Bank" Jones, a negro. Jones was guarding a wagon of the Chatfield Lumber Company, and at the corner where the tragedy occurred the progress of the wagon was impeded by a crowd of strike sympathizers. Singling out Hartman as the leader of the mob, Jones jumped from the wagon and attempted to arrest him. Hartman resisted, and was apparently getting the better of Jones, when the policeman drew a revolver and fired.

The strike of the lumber wagon drivers is affecting shipments of lumber to Chicago. According to vessel insurance agents such shipments have fallen off 50 per cent.

Torture of a Preacher.
The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption.
